

## NOTICE 13/20

31 March 2020

### COVID-19 SPECIAL NOTICE (7)

Dear Homeowner

The HOA would like to thank All for your cooperation and understanding albeit a big adjustment for most.

Please lookout for the digital Newsletter being distributed tomorrow and also visit our website <http://arabellacountryestate.co.za/arabella-life-magazine/> to read the digital version of Arabella Life. With the Lockdown in place, it was unfortunately not possible to print and distribute it during this time.

As per the approved 2020 budget we will implement a 12,5% increase on electricity sales on 1 April. The rate will thus increase from R1.79 to R2.01(VAT Incl) per kWh. Eskom has however not yet announced the final increase figure. To minimise visits to the control room during this period, any home owner(in good standing) can authorise the Control room on [aceadmin@mweb.co.za](mailto:aceadmin@mweb.co.za) to add an electricity purchase to his/her Levy account. Alternatively you can phone the control room on 028 284 0123 to do a telephonic transaction. In both cases, you will be provided with the token details telephonically or by sms if required and then punch in the code at home.

Stay Safe, please Stay Home

Geoff Anderson and Dirk Uys
